EACH ONE EMPLOYEE ONE

The Alumni Chapter of Jeddah launched the program "Each one Employee One Program" on Jan 8, 2015. The idea behind the launch of the program was to provide employment to our youth through internal networking. Most of us are today in a position to either provide direct employment or help the unemployed youth by referring him/her to correct sources. The response to the above program was so overwhelming that we received numerous vacancies from several companies within few weeks of launch. Job Seekers response was also very good and we are daily receiving lot of CV's from candidates looking for jobs.

Within a short period of time, the Alumni team managed to arrange 12 interviews for the potential candidates. Out of the twelve candidates four candidates have been selected.

Through this newsletter we appeal to all friends and alumni members to come forward and support this program.

EACH ONE TEACH ONE

AMU Alumni Committee, Western region is pleased to announce the introduction of educational program "Each One Teach One" The purpose is to come together and make a difference in someone's life. In this way one we will support one underprivileged student from the community by funding him / her in the educational expenses.

Thus if each Aligarian in Jeddah supports one child, around 500 students will be able to make their dreams come true which will uplift the community at large.

Presently AMU Alumni Jeddah is in the process of finalizing the coordination committee at Aligarh who will help prepare a data base of such students which will be presented to the community.
